before were so many houses built in town and country in one year. Money is abundant, and—times good.—Pendleton cannot name so prosperous a year for all clauses of use full people those he was been.—One potent reason for this unprecedented prior which Congress has made. One hundred and seventy millions of taxes have been stricken off manufactures, agriculture and incomes, and it liy a hundred millions more have been taken from the "whiskey ring" and lett in the hards of whishey ring" and lett in the hards of

which to the industry of the country whose ill good effects in scenaring to "an honest day's work an honest day's researd," and making "prosperity shine seard, and making "prosperity shine sears all over our land."

But the great light of Western Copperiencies in mista on replacing these vancy of burdens of taxaion on the hacks of the people, to order to make it more pleasant and greenable for our children and great

dice it will leave

Let the existing thirty-six mill-people pay: the debt now,

and navy. The disgusting excesses of the Queen and court have boree their natural fruit. They have sown to the wind, and are now reaging the wind, with the depraced landeling and it is not the least interesting phase of the revolution to see how far the pricets can control the people and reconsite them to a government of harbots and robbers.
